Non-Payment of Fee's

Late session fees (14 days) will incur an **automatic** £10 payment/fine per member and families will be required to pay via direct debit. If payment is not received 14 days after the initial 14 day non-payment period then the members place will be suspended until full payment is received.

Our **scholarship scheme** is designed for those club members attending school/full time education whose households currently receive certain income benefit/s from the Government. This will equate to a nominal payment of just £5/month for **one** class/week. To apply please contact the club via mark@cheshiregymnastics.com

We **do not** provide payment credits for holidays, summer camps or other special closures including Government or other directed lockdowns or isolation events for whatever period in line with the fact that we do not increase tuition fees when members receive five sessions in a month.

We **do not** issue credits for missed sessions, but you may make-up sessions, under certain circumstances for illness & exceptional issues that you miss (up to four make-ups per quarter). Please think of your subscription fee as **leasing a place** in one of our classes. As long as you are up to date on your subscriptions, you will not lose your place If you miss a class. We will always seek to provide an alternative class, other than bank holiday closures where we may issue a credit for the monthly cost, except Easter Monday. Issuance of a credit may be applied if a gymnast sustains an injury and produces a medical note.

Any member wishing to leave the club will be required to provide written notification to the club (email: info@cheshiregymnastics.com) with a **full months notice** to which payment for the notice month will be required.

If a family wish to have a short break due to extended sickness or medical operations they may also pay £10 per month. This will only be enacted if **prior** written acceptance is requested and agreed by the club.
